Introduction: For the purpose of this document, "new members" shall be defined as anyone who is participating in the membership process of a fraternity or sorority. Synonyms vary by organization and include terms like pledge, associate member, candidate, aspirant, etc.

Each fraternity and sorority meets with the Department of Fraternity and Sorority Life (FSL) prior to the recruitment/selection of new members to discuss rush events, intake, and new member activities. FSL works with chapters to facilitate a successful and positive experience for all involved in the recruitment and new member process. Each chapter develops a calendar of activities that are in line with our Membership Rules. Approved calendars have a number of activities that are constructive and will contribute to your becoming a more active and productive member of your fraternity or sorority.
